## Information Guide

### Welcome

Welcome to the Lowcountry Constables Association. We are glad you have decided to serve your state and your community through volunteer law enforcement service. For your benefit, this Information Guide is intended to answer many questions that new members typically have.

*Disclaimer: This guide is an unofficial document and does not reflect any official policies as directed by the State of South Carolina, SLED, the Office of the Governor, or the Lowcountry Constable Association as a whole. An official SLED policy manual for SC State Constables can be found at [www.sled.state.sc.us](http://www.sled.state.sc.us).*

LCA enjoys good professional relationships with several area law enforcement agencies. These agencies are very receptive to the Constable program because of the professional reputation that has been established over the years. Through our service we are able to convert normal one-man patrol units to two-man units, which increase officer safety while on patrol, and allow the departments to better utilize available manpower.

### Purpose

The purpose of the Lowcountry Constables Association is to assist local and state law enforcement in its daily operations, during special events, and during periods when extra manpower is needed. As a law enforcement officer in the state of South Carolina, it is expected that you will exercise your authority with discretion as outlined by the manual provided by SLED at the time of your application.

### Meetings

The Lowcountry Constables Association typically meets on the second Tuesday of each month at 1800 hrs (6:00 PM) in the Emergency Operations Center of Charleston County's Lonnie Hamilton Public Service Building located at 4045 Bridge View Drive. Meetings are sometimes held at other locations when training purposes require specialized facilities. Meetings typically last about 2-3 hours and consist of an informational session, possibly a business meeting, followed by a training session.

## **Agencies Supported (partial listing)**

Charleston County Sheriff's Office  
North Charleston Police Department  
Charleston County COBRA Team (Limited Openings)  
Lincolntonville Police Department  
Dorchester County Sheriff's Office  
Moncks Corner Police Department  
Jamestown Police Department  
Berkeley County Sheriff's Office  
Branchville Police Department

To work with one or more of these agencies you must be on a pre-approved work list. You need to see the district Sergeant to begin this process as some agencies have specific requirements you must meet prior to being approved.

## **Organizational Structure**

Lowcountry Constables Association has one elected officer, a Captain who acts as president of the Lowcountry Constables Association. The Captain also serves as the liaison between LCA and SLED.

The Captain appoints other officers as he sees fit. They usually consist of one or two Lieutenants who serve as his second-in-command, a Chaplain, Treasurer, Secretary, and Quartermaster (supply guy), and Sergeants who take the lead as the contact for each of the agencies supported.

It is important to note that rank is never worn while working with law enforcement agencies, and rank does not give any disciplinary authority over other constables. Rank is granted as a title of respect to those who are willing to serve in a leadership capacity, and to help define the organization in a fashion similar to conventional law enforcement agencies.

## **Uniforms**

There are two basic uniforms that are worn while working in support of our local agencies. The Class "A" uniform is the uniform that is to be worn while working any standard duty assignment unless informed otherwise by the agency you will be supporting.

## Uniforms - continued

### “Class A’s”

The Class “A” uniform consists of a dark navy blue (midnight blue) button-up uniform shirt (short sleeve and/or long sleeve), and dark navy blue uniform pants, State Constable’s badge, State Constable shoulder patches on each shoulder, “POLICE State Constable” patch on the back, “SC” collar brass, name plate, duty belt, and black shoes. A dark navy-blue tie is also included in the long sleeve version of the Class “A” uniform. A picture of the Class “A” uniform can be found below. In the Duty Gear section of this document, you will find a complete listing of the Class “A” uniform components, along with suggested sources where these items can be purchased.

**Ballistic vests are required to be worn while on patrol and in uniform whether it be Class “A” or Class “B”!!!**

## Uniforms - continued

### Class “B”

Class “B” uniforms are only worn when approved by the agency. Some agencies, such as Lincolnville Police Department, approve the Class “B” uniform as the normal work uniform. The Class “B” uniform consists of black/dark navy blue BDU pants, a grey golf/polo style shirt with the constable’s badge embroidered on the left front chest, “POLICE State Constable” embroidered on the back, black shoes (typically jump boots), and the duty belt. A picture of the Class “B” uniform can be found below. In the Duty Gear section of this document, you will find a complete listing of the Class “B” uniform components, along with suggested sources where these items can be purchased.

There is also a black Class “B” BDU shirt that may sometimes be worn when working in rugged conditions such as during wooded search and rescue operations. This uniform shirt has the badge embroidered or sewn on the left chest, with the Constable’s name on the right chest, and “POLICE State Constable” embroidered on the back in order to increase visibility, and State Constable patches on the shoulders.

**Ballistic vests are required to be worn while on patrol and in uniform whether it be Class “A” or Class “B”!!!**

## Duty Gear

The duty gear listed below is offered as a recommendation, and does not represent a required list. The sources where the items can be purchased are not endorsements for the retailer, but are intended as suggestions where other Constables have located this gear in the past. Duty belts and accessories can be leather or nylon. Most constables use nylon because of the price, it is lighter weight, and is pretty durable.

### Class "A" Uniform

<b>Item</b>	<b>Specification</b>	<b>Potential Local Source</b>
Badge	Blackington Model B544, or equal	Command, T&T
Shirt	Dark Navy Blue (LS-winter; SS-Summer)	T&T, Command
Pants	Dark Navy Blue	T&T, Command
Collar Brass	Letters SC, gold in color	T&T, ConstableStuff.com
Name Plate	Gold in Color	T&T
Shoulder Patches		ConstableStuff.com
Back Patch		ConstableStuff.com
Campaign Hat	Navy Blues, Straw	Command
Hat Badge	Smith & Warren	ConstableStuff.com

### Class "B" Uniform

<b>Item</b>	<b>Specification</b>	<b>Potential Local Source</b>
Shirt	Grey golf shirt, embroidered badge on chest	T&T
Shirt	Navy Blue/Black BDU	Command, T&T
Pants	Navy Blue/Black BDU	Command, T&T

### Miscellaneous Duty Gear

<b>Item</b>	<b>Specification</b>	<b>Potential Local Source</b>
Body Armor	Threat Level II or better (see pg. 7)	Command, Local surplus
Inner Duty Belt		Command, T&T
Sam Browne Belt		Command, T&T
Holster	<b>Double or triple retention recommended!</b>	Command, T&T
Hand Cuffs	Use S&W, Peerless, or another reputable brand	Command
Cuff Case		Command, T&T
Glove Pouch	For latex gloves	Command, T&T
Double Mag Case		Command, T&T
Flashlight Holder		Command, T&T
Black Jump Boots		Command, T&T, Wal-Mart
Traffic Vest	Required when working traffic at night	Command, T&T
Traffic Flashlight	For working traffic at night	Command, T&T

You may also find much of this gear available in Columbia at Lawmen's or Wright-Johnson, or online at ConstableStuff.com, Galls.com, QMuniforms.com, CopsPlus.com, CHIEFsupply.com, or another online retailer. Be patient. Duty gear gets expensive and does not have to be acquired all at once.

## **Weapons**

### Pistols

When working with local agencies, your choice of defense weapons is important. Your duty weapon, and any back-up/off-duty weapons, must be chambered in a caliber approved by SLED (.38 spl, .357 mag., 9 mm, .40 S&W, or .45 ACP) and must be one you actually qualified with.

### OC / “Pepper Spray”

If you decide to carry OC or any similar chemical defense spray it **MUST** be approved by the agency you are working with, and you must be trained and certified to carry it. It is important to note that an OC approved by one agency may not be approved by another, as some OC sprays are water-based and some are solvent-based. Solvent-based OC's are not to be carried with a department that utilizes Taser® X26 devices as the solvent-based OC may ignite when utilized in conjunction with the Taser® X26.

### ASP/PR-24 Batons

ASPs are the expandable batons most agencies now carry, whereas the PR-24 is the “nightstick” that was replaced. Some agencies may still utilize the PR-24, but just as with the Pistol and OC, you must be trained and certified to carry these weapons while on patrol, and the agency must approve.

### Taser® X26

Taser® X26 models are carried by some of the local agencies LCA supports. Training for the Taser® X26 is available through local agencies, and is valuable for learning how to deal with Tasered suspects. However, at this time, it is SLED's policy that SLED Agents, nor State Constables, are permitted to carry Tasers regardless of the agency you are supporting.

## **Training**

In an attempt to better equip Constables to assist full-time law enforcement agencies in a professional manner, LCA attempts to provide training to its Constables at each meeting. This training may take the form of videos, seminars or hands-on training. Additionally, several of the local agencies keep LCA apprised of its training schedule and invites working Constables to participate free-of-charge, assuming space is available.

Charleston County Sheriff's Office has Reserve Officer training on the first Thursday night of each month at the CC Detention Center, and Dorchester County Sheriff's Office

has Reserve Officer training on the fourth Tuesday of each month at the Law Enforcement Training Complex off Hwy. 78 in Summerville.

To meet the state yearly training requirements, LCA also conducts the required legal update and pistol qualification annually, CDV/Bloodborne pathogens annual update (required for Advanced Constables only) and has a dedicated, academy certified instructor for other training as needed.

## Work Opportunities

LCA enjoys good working relationships with many local law enforcement agencies in the Lowcountry of South Carolina. Because of this relationship, a Constable should have no problem finding work opportunities on any given day. In order to get a duty assignment, you first must be on the approved work list for that department. This is accomplished by submitting your name, Call #, SS #, and SLED ID to the District Sergeant or coordinator for the agency(s) you wish to work with. Once your name is submitted and approved by the department you are ready to go. Keep in mind that some agencies may have additional requirements to work with them, and the approved work lists are only updated twice per year. The Sergeant should be able to provide you with any specific information or requirements for their respective agencies.

Below is a sample list of some of the “Special” work assignments that are available each year to LCA members, in addition to routine patrol opportunities.

<b>Event</b>	<b>Agency</b>
Coastal Carolina Fair	CCSO
Hurricane Shelters	CCSO
Air Show @ Charleston Air Force Base	CCSO, NCPD
Election Day	CCSO
Martin Luther King Day Parades	DCSO, MCPD, CCSO
High School Football Games	NCPD, MCPD, CCSO
Missing Person Searches	Any
Emergency Drills	CCSO, NCPD
Traffic Safety Check Points	LPD, JPD, CCSO
Motorcycle Rally at Ladson Fairgrounds	CCSO
See-Saw Days	Harleyville PD
Grits Festival	DCSO
Hell Hole Swamp	JPD
Bike Week in Myrtle Beach	MBPD, SBPD, etc.

Some work assignments are classified for Constables who hold the “Advanced Constable” credential from SLED because the Constable may be working alone. These requests are designated by the agency making the request and are not at the discretion of the LCA.

## Reports

You are required to file your *Quarterly Report* with SLED by the 15<sup>th</sup> day following the end of the calendar quarter for any assignment where you utilize your commission. You should keep a copy of this report for your records, and **a copy should be give to the Lieutenant**. LCA will compile these reports and enter hours worked into a database so we can track hours worked for each agency in a given quarter and annually.

*Use of Force Reports* and *Incident Reports* should be filed with the LCA Captain ASAP! A copy of the *Quarterly Report*, *Use of Force Report*, and *Incident Report* are included in the appendices of this document for your use.

## Final Thoughts

This guide has been developed to answer many of the questions new Constables have, but you will learn best by getting involved, being frequent in your attendance, and asking questions of others. If you have any time, abilities, specialized training, or resources you can offer to LCA please feel free to share them with the leadership, as we are always in need of capable volunteers.

Work opportunities in LCA will likely be limited more by your time and availability rather than by the agencies we support. We enjoy this benefit due to the hard work, dedication, and professional work ethic of other Constables who laid the groundwork. Each time you report for a duty assignment, your conduct reflects on other Constables who share your interest in community service through law enforcement. Always strive to put your best foot forward in order to continue the professional reputation that others have worked so hard to develop.

God Bless the “Thin Blue Line.”
